

PLAYING IN THE SAND DIVOT

Yes, there are those that find these craters. No worries. Just think of this shot as a fairway bunker shot, except here you can ground your club.

STEP 1

PLAY THE BALL BACK IN YOUR STANCE and just like a fairway bunker, stand a bit taller. This will ensure you catch the ball first.

STEP 2

SWING DOWN AND THROUGH This will ensure that you do not try to scoop the ball off the sand or dig a hole to China!
